### SKILLS

**Languages** - JavaScript(ES6+), Python, SQL, PHP, C++, Java, HTML5/CSS3.

**Frameworks and Libraries:** React.js, Redux-toolkit, Next.js, Nodejs, Express.js, Tailwind CSS, Pandas

**Tools and technologies** - Git, Github, Node.js, Postman, Browser developer tools, Linux

**Databases:** MongoDB, MySQL

### WORK EXPERIENCE

**Software Development Engineer**  
**APIxLABS**

**Jan 2024 - Present**  
Pune, Maharashtra

- Engaged in front-end development using **React.js** and **Next.js** to craft dynamic and responsive UIs.
- Worked with **Postman** to test and ensure the smooth integration of backend **APIs** into the front end.
- Implemented and styled user interfaces with the use of **Tailwind CSS**, ensuring a visually appealing and consistent design.

### PROJECTS

1. **Transformation and Enhancement of Company Website**- React.js, Tailwind CSS, EmailJS [\[Link\]](#)
  - Transformed a WordPress-developed site into a React website to enhance customization and flexibility.
  - Added **shimmer effect** for better UX and used **lazy loading** for saving bandwidth usage.
  - Implemented **EmailJS** for the contact page to handle email submissions seamlessly.
  - Deployed on **Netlify** and pointed the existing custom domain to the new hosting with minimal downtime.
2. **Responsive WhatsApp web Replica** - React.js, Tailwind CSS - [\[Link\]](#)
  - Developed **pixel-perfect responsive** Whatsapp web design.
  - Implemented a form to generate chats and handled **image compression** for upload.
  - Chats are persisted after reload using **localStorage API** of browser.
  - **Search functionality** implemented for chats with optimized rendering using **debouncing**.
3. **Personal Portfolio** - React.js, CSS, Formspree - [\[Link\]](#)
  - Created **seamless user experience** for personal portfolio.
  - Used **google search console(GSC)** for **SEO** of website.
  - Used **Formspree** for contact page to handle email submissions.
  - Used concepts like Hooks and JS events for responsiveness.

### ACHIEVEMENTS

- Secured 7 bands overall in the language proficiency test of IELTS.
- Secured 4 star on hacker rank.

### EDUCATION
